## **SOCIAL SECURITY NUMBER PRIVACY POLICY**

**(Effective January 1, 2006)**

The Michiana Area Electrical Workers' Health & Welfare Fund is required by Michigan law to make sure that your Social Security number and the Social Security numbers of your family members are kept private as set forth in that law.

The law permits the Fund to use Social Security numbers to verify your identity and the identities of your family members and to perform other functions related to providing retirement benefits under the Fund's Plan. Therefore, the Fund will continue to require Social Security numbers on application and enrollment forms. When your employer pays contributions on your behalf, the law permits your employer to provide the Fund with your Social Security number so that the Fund may determine your eligibility status. The law also permits the Fund to use Social Security numbers when authorized or required to do so by state or federal statute, by court order, or pursuant to legal discovery or process. The Fund will ensure to the extent practicable the confidentiality of those Social Security numbers.

In order to protect your privacy and in compliance with the law, the Fund's third-party administrator, TIC International Corporation ("TIC"), will use alternate identification numbers wherever feasible, including on monthly notices of contributions. TIC does not print Social Security numbers on the exterior of any envelope or package sent through the mail or in a manner that can be seen from the exterior of such envelope or package. The Fund's website is secure and permits participants to access information through use of a password other than their Social Security number.

Only TIC's employees and agents, and employees and agents of other Fund service providers, may access the Social Security numbers of Fund participants and family members and only as necessary to provide services to the Fund. TIC uses practical means to limit access to written and electronic records in its possession that contain Social Security numbers to those employees and agents whose job duties require such access, such as securing areas where Social Security number information is located when not in use and requiring the use of passwords for access to electronic files containing Social Security numbers. TIC disposes of documents that contain Social Security numbers that the Fund is not actively using or is not otherwise obligated to retain by shredding and other processes that protect the confidentiality of the Social Security numbers. TIC's employees and agents must not disclose Social Security numbers by publicly displaying more than four sequential digits of a Social Security number or in any other manner prohibited by law.

The Fund notifies all service providers that they must ensure, to the extent practicable, the confidentiality of all Social Security numbers related to Fund participants and their families as required by law. The Fund may take action regarding service providers who fail to protect adequately the confidentiality of those Social Security numbers, including the termination of contracts.
